

## NOTICE TO OUR VISA DEBIT CARD HOLDERS- FEBRUARY 2009

Virginia Savings Bank has been notified by VISA of a possible compromise of debit card information as a result of the alleged intrusion of a U.S.-based card processor, Heartland Payment Systems. The compromise reportedly occurred between May 2008 and November 2008. Published reports indicate that the information that may have been compromised includes debit card numbers and expiration dates. Our Bank is attempting to contact all affected customers.
